2024-2025 School Notice No. 4

Matters concerning the "Bring Your Own Device" (BYOD) Program and the Territory-wide Inter-school National Security Knowledge Challenge

23rd September 2024

Dear Parents,

Please kindly note the following:

1. Bring Your Own Device (BYOD) Program

Our school will continue to participate in the "Bring Your Own Device" (BYOD) Programme of the Education Bureau this year. A number of tablets are provided for loan to the students who are receiving the School Textbook Assistance (TA) Scheme/CSSA and those who have not participated in the Scheme after 2021. This year, Senco-Masslink Technology Ltd was confirmed as our school contractor. Students with no subsidy may also consider making an order from the supplier at the school's covered playground on 5 October 2024 (Saturday) from 9:00 a.m. to 1:00 p.m. under the school's "Portable Devices" (BYOD) Scheme. If you would like to join the program and are unable to make an order on that day, please complete the relevant order form and submit it to the School Office together with a cheque payable to "Xingang Computer Limited".

*Full or Half Grant of TA/ * Receipt of CSSA	Free (with 3-year mobile device management app). *However, the tablets are assets of the school, eligible students can borrow them during their studies and must return them immediately upon leaving the school
---	---

In addition, students who choose to bring a standard tablet to school to assist in learning are required to install a mobile device management app at their own expense. Students can bring their tablets together with cheques to Mr. Yeung Tai-shing for the formalities and installation, which will take about 5 working days. Cheques should be made payable to "Senco-Masslink Technology Ltd." or "Senco-Masslink Technology Ltd." For any queries, please contact Mr. Yeung Tai-shing. The charges for the purchase of Mobile Device Management (MDM) App are as follows:

	Fee for purchasing MDM App
S6 students who have not applied for any subsidies	\$66 per year x 1 year = \$66
S5 students who have not applied for any subsidies	\$66 per year x 2 years = \$132
S4 or below students who have not applied any subsidies	\$66 per year x 3 years = \$198

Note: *Students are required to submit copies of the relevant documentary proof of eligibility for confirmation of the subsidy.

#It takes time to install a large number of management programs, the tablet shipment date is

expected to be mid-to-late November, and the exact date will be announced later.

For security reasons, the school will register the serial number and install a management program for each participating tablet.

^Please note that the device will be reset in the installation process, parents should back up their own tablets in advance.

2. **The Territory-wide Inter-school National Security Knowledge Challenge**

To ensure that national security education continues to take root in schools and enhance students' understanding of different areas and laws of national security, including the Constitution, the Basic Law, the Hong Kong National Security Law and the Safeguarding National Security Ordinance, so as to enhance their awareness of safeguarding national security, and to tie in with the "National Day" on 1 October and the "National Security Education Day" on 15 April each year, the Department of Justice, the Security Bureau, the Education Bureau and the Shine Tak Foundation will continue to co-organise the "Hong Kong School National Security Knowledge Challenge (2024/25)" in this academic year to encourage all Hong Kong students to participate in the competition, create an atmosphere for safeguarding national security, and unite forces to safeguard national security. Students can log in to the platform from 30 September to 8 October to participate in the competition. Participants will be commended, and those with outstanding performance may be selected for the finals. Students can refer to the school email for login information, or scan the QR code below to participate in the competition. If you have any inquiries, please contact Mr. Chiu Wing Sing.
